

Implicit Business Intelligence® Framework

Functional Wholism and Organizational Literacy

3-3-5 Knowledge Sourcing Framework

3 ASPECTS

► **Exploration:**

Assessment and exploration...the functional whole.

► **Knowledge Correlations:**

New formations and knowledge correlations.

► **Construct Transformation:**

Multiple constructs undergo transformation and reform.

5 Assumptions About Wholistic Organizational Literacy

A wholistic organizational literacy or 'functional wholism' adheres to a few basic assumptions...

1. The organization is organic with implicit energy-currency and psychic exchange.
2. Intangible assets, resources, and energy-information can be effectively translated and mapped into explicit factors.
3. Functional wholism can be taught and learned, scaffolding pervasive knowledge sharing.
4. New core competencies will drive innovation.
5. The whole organization benefits all stakeholders.

People can become naturally psychically stimulated in the proximity to the psychic-adept. And so, we work to ensure that a whole 'organizational literacy' occurs... everyone can readily assimilate the refined 'psychoenergetic' information energy-currency, fluidly... and adapt during shifting, transforming, and evolving paradigms at higher conductivity.

3 DIMENSIONS

► **Definition:**

Evolution through intuitive learning and inspired interaction.

► **Engagement:**

Synthesis of new knowledge generation.

► **Sourcing:**

Co-creative applied knowledge to system implementation.

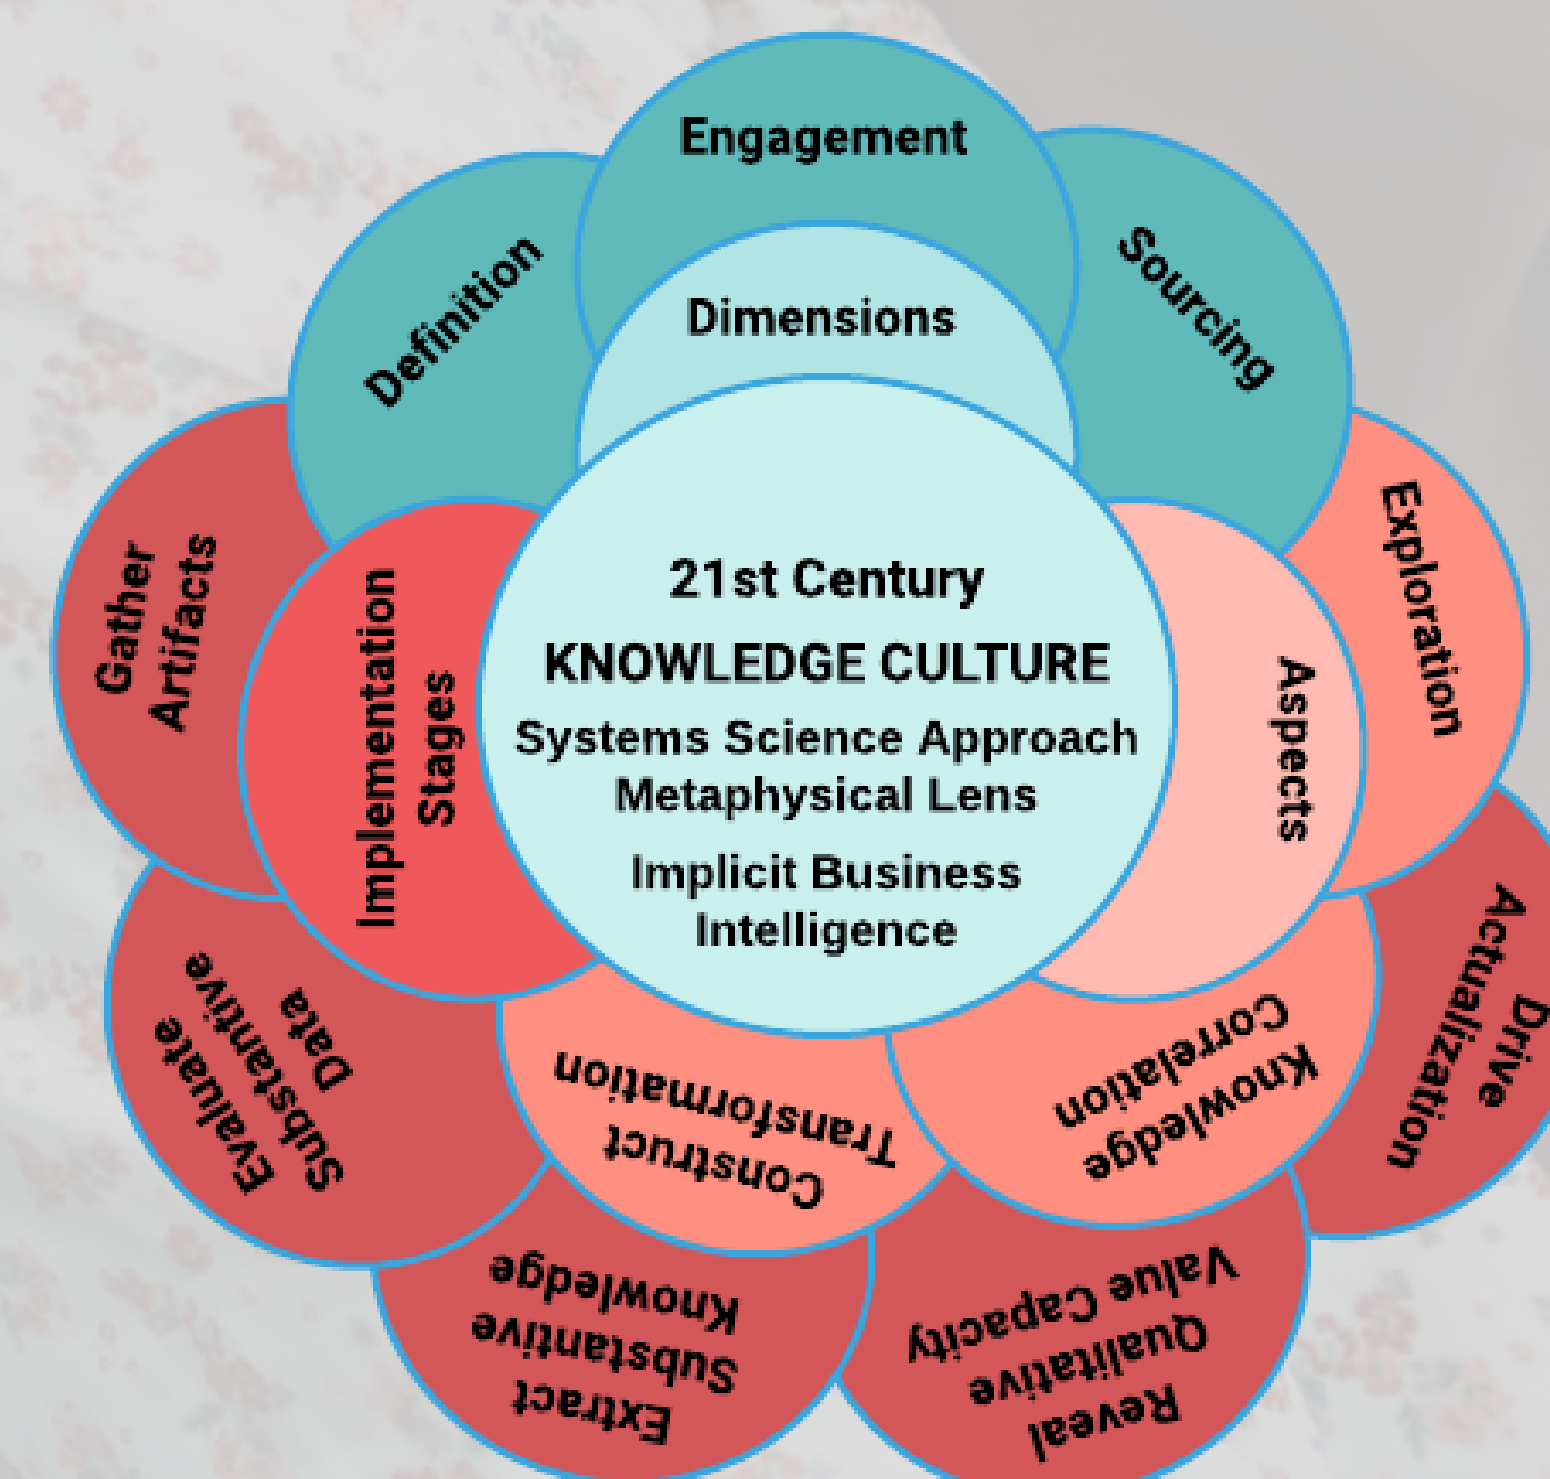

5 IMPLEMENTATION STEPS

5 STEPS...

1. **Gather Artifacts**
2. **Evaluate Substantive Data**
3. **Extract Substantive Knowledge**
4. **Reveal Qualitative Value Capacity**
5. **Drive and Advance Opportunity & Actualization**

Knowledge-sourcing takes on new meaning-making and value creation as a shared opportunity for all.

A global transformational era of investments in consciousness evolution heralds the epic opportunity for new benchmarking approaches to holistic organizational literacy systems-thinking.

HIRE VIOLET KASHEWA

Violet Kashewa Business Psychic, the authoritative 21st Century 'knowledge sourcing' subject matter expert. 30 Years ethical prophetic clairvoyant consultancy helping conscious startups, Fortune 1000 companies, social impact entrepreneurs, national policymakers, public interest technology, and educators redefine routes of relevance.

SUMMARY: Systems Sciences philosophy encircles new millennium aptitudes established within the emergent paradigm. Knowledge-management specialists claim that intangibles are the most difficult assets to map for explicit use. Intuitive Business Analysis plays a critical role in helping companies source and actualize implicit knowledge. The thriving 'knowledge culture' exhibits holistic organizational literacy. The functional knowledge culture can more effectively adopt 'efficiency behaviors patterns'.® A learning environment where new millennium aptitudes are decidedly expressed and all stakeholders contribute to organizational wholeness. Implicit Business Intelligence® Intuitive Business Analysis framework is the optimum qualitative methodology serving heightened-systems synthesis to maximize current and future opportunities allowing you to get in control of intangibles fast!
